

# Surgical Oncology Webinars

for the

The Global Oncology University GO-U

<https://www.ghcuniversity.org/>

Harvard Global Health Catalyst Win-Win Initiative

<http://ghc.bwh.harvard.edu/>

**Course Leader: Professor Riccardo A. Audisio**

Harvard course Assistants: William Swanson, Noella Bih

## SURGICAL ONCOLOGY WEBINARS: PURPOSE & OBJECTIVE

The purpose of these webinars is to provide continuous education on key topics relevant to surgical oncology practice, especially for participants from Low and Middle Income Countries. The webinars are presented live by subject matter experts. Enjoy interaction with the presenters in a live format or view the entire webinar after the event on your schedule. These extremely informative education sessions will be accessible after each webinar through the GO-U Education Portal

## COURSE: INSTRUCTIONS

On the day and time of each lecture, the instructors and participants may join the webinar using the following link.

Please join the webinar from your computer, tablet or smartphone.

<https://global.gotomeeting.com/join/115358733>

## WEBINAR DURATION

Time Period: November 2019 – April 2020

## ATTENDEES

The curriculum is suitable for Oncology healthcare professionals.

## REQUIREMENTS

1. Participants should have a medical degree such as MD
2. Participants can be from anywhere, though this course was designed for participants from and working in Low and low-middle income countries
3. The registration fee is FREE. Trainees will receive Certificates of Completion with the

opportunity to attend the yearly Global Health Catalyst summits at Harvard Medical School.

#### TEXTBOOKS/SOFTWARE
